The City of Hurstbourne Acres Post October, 2021

Next City Meeting
Thursday, November 11, 2021
City Hall @ 6:30 p.m.

From Mayor Terry

Louisville Metro Council districts are redistricting due to the 2020 census data. This is designed to keep all 26 districts equal in population. This will unfortunately affect the City of Hurstbourne Acres.

As Commissioner and Mayor of Hurstbourne Acres, I have built a strong rapport with our current District Council Representative Marilyn Parker. She has worked well with the city thru out her tenure as District 18 Council Woman.

The redistricting will place Hurstbourne Acres in district 11. Kevin Kramer is that district Councilman. This change will be voted on November 11th and expected to pass the full council at that time. I am confident that Councilman Kramer will be a strong advocate for the Hurstbourne Acres community.

If you would like more information on this matter you can go to the Louisville Metro District Council website. I will be asking Councilman Kramer to attend one of our city meetings as soon as possible.

Holiday House Decorating Contest

Great news! We will be holding a contest for the best house decorations again this year. Last year's winners were exceptional, and I cannot wait to see what this year brings. The top three will be awarded **\$50 gift certificates** to our local businesses/restaurants. Winners will be announced in the January newsletter.

Halloween, 2021

This year we had such a great turn out for Trick or Treating. As Kay and I walked the neighborhood with Julia and her friends, I was so happy to see whole families walking around the neighborhood together. This is no doubt due to the efforts of our **police officers and Chief Steve Griffin**. There could be no better evidence that our city and police department foster a safe and secure environment for our kids. I feel truly blessed to live in such a neighborhood. If you feel the same, please let our officers know the next time you see them on patrol.

Police

Chief Steve Griffin

I hope everyone is doing well. We have been busy updating equipment and operating systems at the police department. We have new computer system that will be coming on line shortly and a new police vehicle that just came in after a seven month wait. Once again, Mayor McAllister and the City Commissioners' commitment to public safety in our community is deserving of our thanks.

I would also like to thank Commissioner Nichols for her assistance in getting One Way signs posted in the One Way section of Hurstbourne Lane. Hopefully, this will help alleviate the problem of people driving the wrong way. We will also be stepping up enforcement action in that area.

Underground cable to replace existing LG&E poles was discussed at the September meeting. I offered to call our LG&E District Manager, which I did. I explained exactly what we wanted to do and asked him to do what was necessary and get back to me with a cost quote. Knowing this would take some time, I gave him, about three weeks. I heard nothing from him. I've called him twice since and left messages on his voice mail. I still haven't received any response. I have given the mayor his name and cell phone number to pursue.

Sanitation

Christine Bohnenkamp

It's been quiet this month. Thanksgiving Day doesn't affect our trash/recycle pickup. Hope everyone has a wonderful Thanksgiving!

Attorney's Report

Attorney Baker advised that the "Sidewalk" hearing is still scheduled for November 8, 2021 at 1:00 pm. In other news, she asked the Commission to review the documents provided regarding the potentially ineligible business being conducted at a residence in the City. This business was brought to the attention of the Commission a few months ago. The owner of the business, who has obtained a "home occupation" permit from Louisville Metro, was here to answer questions and offer his feedback. Following the discussion, the Commission tabled a decision until the next meeting in November.

Miscellaneous issues included the following:

- the need for the new treasurer to provide a financial statement concerning audit requirements for fiscal year ending in 2020
- Attorney Baker had no new information about the fence violation on Blowing Tree Road.
- Lastly, it was noted that KIPDA has a contact who can help with evaluating the use of the American Rescue Funds recently received by the City.

Investment Update

Joel Shepherd, the City's Financial Advisor, outlined the status of the city investments. It was agreed that he needs to meet with our new treasurer so that he, the treasurer, has the most up to date information.

COMMITTEE REPORTS

Parks and Recreation

Commissioner Eskridge started his report with discussion of the Christmas Party this year. There were two major considerations - the 30% drop in attendance at the picnic from 2019, and the only date available of December 19, which it was thought, was too late for residents to include in their plans. As a result, the Commission decided to forego the party this year. However, the City will still sponsor the Holiday Lights Contest with a gift for the winner. Finally, the leaf pickup dates were announced: November 8, 9, 10, and 22, 23, 24, December 6, 7 and 8.

Sanitation

Commissioner Bohnenkamp reported that it has been quiet regarding sanitation service (no recent complaints). She did note that a dumpster, requested in a previous meeting, is now located at the gate leading into the soccer fields. She also mentioned that the gate itself is currently down.

Streets and Lights

Commissioner Nichols called the LG&E District Manager after the August meeting. She wanted to discuss an underground cable connection for getting lights installed at the sign as was discussed at the last meeting (there is an underground utility box with an access cover near the city entrance sign). She asked him for an estimate on this and knew it would take some time. After the September meeting, she then called twice leaving voicemail, but never heard back. As a result, she forwarded the name and phone number of the LG&E District Manager to the Mayor for his help.

Concerning the landscaping around the city entrance sign, the Commission in general has had difficulty in finding someone to do the work. Commissioner Renninger mentioned that there is a resident in the City who does that kind of work. Commissioner Eskridge said that he also knows the family and will provide Commissioner Nichols with their contact information.

Lastly, after installing the "One Way" sign on Hurstbourne Lane, a resident complained about its location. After a review with Police Chief Griffin and determining that the effectiveness of the sign would not be hindered by relocating it, Commissioner Nichols is having the sign moved.

Police

Commissioner Renninger said that the Hurstbourne Acres City Hall was visited by a representative from KLC. She was inquiring as to why our Mayor and Treasurer were not bonded and haven't been for over a year. Attorney Baker was asked to research and determine the appropriate amounts for the bonds.

In other news, Commissioner Renninger reported that BoomBozz is now open for carry-out only, but they do have a patio outside for those that want to eat their carry-out there. The new Mexican restaurant has applied for a liquor license.

Finally, Speedway will be closed for several more weeks while the damage is repaired from the recent vehicle accident.

There being no further business or discussion, the meeting was adjourned.

Respectfully Submitted,
Michael Bolten, City Clerk
